Cie D'Autres Cordes

Franck Vigroux *live music*
Antoine Schmitt *generative video*

Cascades is an audiovisual project inspired by the concept of waterfalls, here represented by flows of pixels which movements are generative, meaning never the same. For the music, this same concept is used as inspiration to compose music using electronic instruments, a sort of continuum reminding of surge and immutability... Fruit of a decade long of collaboration between the two artists, Cascades represent both infinite movement and stability, but where catastrophes can happen: a synesthetic artwork, both contemplative, reflexive and a physical experience.

Antoine Schmitt

Installation artist, Antoine Schmitt creates artworks in the form of objects, installations and situations to address the **processes of movement** in all of their modalities, and question their intrinsic conceptual problematics, of plastic, philosophical or social nature. Heir of kinetic art and cybernetic art, nourished by metaphysical science-fiction, he endlessly interrogates the dynamic interactions between human nature and the nature of reality. Originally programming engineer in human computer relations and artificial intelligence, he places the program, a contemporary artistic material and unique by its active quality, at the core of most of his artworks, to reveal and literally manipulate the forces at stake. Antoine Schmitt has also undertaken an articulation of this approach with more established artistic fields like music, dance, architecture, literature or cinema, and has collaborated with Franck Vigroux, Atau Tanaka, Vincent Epplay, Jean- Jacques Birgé, Delphine Doukhan, K.Danse, Patrice Belin, Don Nino, Cubenx, Alberto Sorbelli, Matthew Bourne... As theoretician, speaker and editor of the gratin.org portal, Antoine Schmitt explores the field of programmed art.

His work has received several **awards** in international festivals : transmediale (Berlin, second prize 2007, honorary 2001), Ars Electronica (Linz, second prize 2009), UNESCO International Festival of Video-Dance (Paris, first prize online 2002), Vida 5.0 (Madrid, honorary 2002), CYNETart (Dresden, honorary 2004), medi@terra (Athens, first prize 1999), Interférences (Belfort, first prize 2000), and has been **exhibited** among others at the Centre Georges Pompidou (Paris), at Musée des Arts Décoratifs (Paris), at Sonar (Barcelona), at Ars Electronica (Linz), at the CAC of Sienna (Italy), at the Musée d'Art Contemporain de Lyon (France), in Nuits Blanches (Paris, Amiens, Metz, Bruxelles and Madrid).
