PROVIDED BY THE IAKERI COLLECTIVE

Matériel informatique

- Hardware Dell Optiplex 7090 computer, serial n° 58N9WF3
- 1 Iyama Screen
- keyboard, mouse, USB Cable repeater extension 5 m, 10 m

Projection equipment

- 3 mini LG 550G video projectors
- 1 mini LG PX1500G video projectors
- 2 Matrox TripleHead2Go Digital SE video cards
- 2 HDMI de 15 m cables
- 3 HDMI de 10 m cables
- 1 VGA de 10 m cable

Sound equipment

- Focusrite Scarlett-8i6 sound card
- 4 Jack/ XLR adapters

Sculpture material

- 10 tulle sculptures
- 10 small variable voltage motors under 24V
- Motors transformers and extensions

Structure

- Aluminum tube approximately 6 m wide x 4 m deep according to layout plan stage to be determined according to the room (construction in situ possible, but take more time)
- Electronic equipment wooden board 40cm wide x 80 cm

TO BE PROVIDED BY THE EXHIBITION PLACE / THE DIFFUSER

Structure

Sound equipment

- Quadraphonic system: Yamaha HS5 type speakers, **Active speakers**
- 4 XLR de 15 m audio cables

Electrical equipment

- 4 20 m black electrical extension for video projectors
- 4 20 m black electrical extension for speakers
- 2 20 m black electrical extension for motors, computer.
- 4 black power strips

Assembly material

- Secure mobile stepladder 2M high or ladder
- Blackout fabrics
- 8 double hooks or other hanging system for aluminum tube modules (35x35mm)
- Hooking system for the board (40x80cm) accommodating electronic equipment at height.

Technician

- 1 assembly assistant
